About the author (John Lawrence King) has been in retail (King's Sewing Machines - was also a member of the office of fair-trading) since 1979 until the 1990s recession. Thus began studying during the early nineties, initially college and later at - NESCO, University of Bolton and the Open University; studying Biological Sciences (research), Environmental Science, Computer Sciences and Initial Teacher Training (self-appraisal is part of teacher training with Susan Stangard); more recently studying towards quantum biology and interested in science invention of clean technologies. Also, studied/explored/investigated holistic complimentary therapies to see if the science can attest/prove. Also an harmless physically disability on my left hand due to car accident (it took 20 years to recover), free book - www.functional-foods.info (Book written during 2021)

This is a method of feeding the poor and to feed populations after/during droughts or floods and also for supermarket supplies

The bio functional foods/gels would be waterproof so the gels are still edible in flood conditions

Also unless nutrients are proven to be safe by science, don't eat!

Bio Functional Foods/Gels are fortified, fermented and enhanced foods to provide nutrients during drought and flood environments and also to supply the supermarkets, Asda, Tesco, Aldi, Co-op, other super market/retail outlets...and also for charitable organisations.

Fermentation techniques are more productive/faster/more efficient than traditional growing seasonal crops.

Bio Functional foods/Gels are gels grown from bacteria, fungi and algae (an industrial synthetic biology (see bio-ethics in book) and fermentation), grown under laboratory conditions at a industrial scale. The functional gels/foods would contain NAD+, Strains, trans-resveratrol, protein, minerals, vitamins and other health beneficial ingredients also derived from fruit/vegetables.

The gels-like-jelly-blocks of functional foods would be in different colours to represent different nutrients that have both nutritional and health benefits, perhaps complement or even replacement of fruit and vegetables in the future due to long shelf life (1 year). Specifically Bio-Functional-Gels/foods are to freely feed populations after/during droughts, floods and wasteland/desert environments, though reforestation is often possible.

The dynamic statistics derived from invention number eight, the Bio-Marker-Watch would indicate the appropriate colour Bio-Functional-Food-Gels.

Bio functional gels/foods are an solution to environmental problems that are likely to occur in the future also, the production techniques make bio-mass calculations not so important with respect to the potentiality of photosynthesis.

The materialism generated via the supermarkets would generate necessary cash-flow to supply the distributions-charities that would not rely on donations so to freely supply bio-functional-foods/gels to other charities and feed the poor during future environmental catastrophes due to pollution/climatic changes (please note, the next ice-age is not due for 50,000 years), also note no person(s) is/are obligated to supply food to populations, or to improve the environment.

This business venture proposal, for experienced biotech industrialists(perhaps even Temple/Monastery(G) with the right type of help) interested in investing into the manufacture of bio-functional-gels, the researchers with recent lab-based-experience are required though.

The companies would have charity (not for profit) status and comprise of three elements:

- A manufacturing industrial units,
- A sales organisation(s),
- A charities(s) for the distribution of Bio-Functional-Gels

The companies would be distributed in different countries, if you are interested and from a industrial food processing manufacturing company or harmless organisations; interested in the manufacture of Bio-Functional-Food-Gels please send your inquiries to johnlawrenceking@bio-functional-foods.com

Please note, this is NOT a franchise, it is a philanthropic (not for profit) business opportunity whereby the companies would be economically self-reliant as the income generated from sales to supermarkets/retail outlets would have resulted.

Independent organisation and help feed the poor; if any would like to help with a cash-flow-forecast towards releases send to: johnlawrenceking@biofunctionalgels.charity also eventually a instruction book on how to manufacture Bio Function Food/Gels.

A lot of research is required to achieve Bio-Functional-Gels, perhaps an harmless established biotechnology organisation(s) would be interested? or Perhaps large corporate organisation(s)? One UK company has been established by me though not trading yet at this time! I have no funds to start the company: <https://find-and-update-company-information.service.gov.uk/company/14645535/filing-history> though I shall eventually have funding to begin trading.

Those individuals that intend to communicate with the real author/inventor the only way is via email: johnlawrenceking@bio-functional-foods.com or mail.

Kind regards,
John Lawrence King

Leadership and influence
"Quantum level Epigenetics and Quantum-Epigenetic-Drift will be the next step in the evolution of epigenetics" John Lawrence King.
"Governmental industrialism is the solution to enhance the GDP; reduce unemployment, reduce the trade-deficit (or the currency/ound is not too strong) and eventually pay of the national-debt; Governmental industrialism would be financed via flotation of governmental bonds, this plan is applicable for the UK and other technetronic-planet(governmental) business" John Lawrence King.

The people's Democratic republic party is a better alternative than Monarchism (as history has been repetitive), Ideallyistic a referendum for no Monarch on the throne would bring peace, as Monarchism will become less important during the Quantum-Science-Renaissance and peace" John Lawrence King

Peace sustainability and environmental sustainability are related and important during the quantum science Renaissance, Monarchism will become less important during the Quantum-Science-Renaissance; There are many techniques the UK monarch uses for enslavement, the solution is a international petition for a referendum for no monarch on the UK throne together with rewriting the bible the outcome would be long-term-sustainable peace. John Lawrence King

In the UK, equilibrium between left and right would perhaps unite the Welsh, Scottish, Irish, and English people in Peace via a voting referendum system; this pattern of equilibrium sustainability would create/make and keep long-term-sustainable-peace elsewhere, peace could be created if antagonistic-opposites in Christianity where/are reduced (perhaps via co-evolving mutualism), and as there has been no sustainable peace in the UK for thousands of years a referendum for no monarch on the throne in the UK so to stop the monarch(s) competitive behaviour and bring long term peace with the UK peoples.

During peace-times governments become strong providing they're not blackmailed into corruption
The solution to long-term-global-peace is compatible political philosophies, perhaps The peoples democratic republic parties would make and keep sustainable peace.
As you and others walk the path/Tao of personal-growth Learning how to be balanced, moderate and fair (via debate and/or mutualism) in an harmless way on your forever changing scales of reasonable peace.

Observe +10 and -10 though stay balanced, moderate and harmless on your Tao/Path.
-10-----0-----+10

There is Quantum sciences, molecular and real environmental sciences though most, if not all pseudoscience/management is management for power and control over others. The meaning and purpose of life is to live, love, and be loved on your Tao whereby happiness occurs whilst evolving providing happiness is permitted.

The solution to long-term-global-peace is compatible political philosophies, perhaps the peoples democratic republic parties would make and keep sustainable peace.

The more you grasp onto love the more elusive harmless love becomes" John Lawrence King
"The competitive mind is a conditioned mind, not natural and not a pioneering mind" John Lawrence King
"The meaning and purpose of life is to live, love and be loved and to evolve, preferably via co-evolving mutualism or debate"

About the devil games:
Do not blame the 666 devils for anything, the devils are NOT an excuse for your questionable behaviour.
Winston/Mountbatten/Stewart monarch devil games (that began on the 06.06.1963 at 2am UK-time; the monarch devil- game's had negative affect on the world thereafter 1966.

Thus, there is negative or positive evolution during the quantum science renaissance, in the event of diplomatic governmentation (not detestive monarchism) and the bible is rewritten, there will be long term sustainable peace, if the bible is not rewrite before the 2036 devil-games there will be chaos, mayhem and conflict...

The UK 17th century monarch has been competitive against the UK 6th 12th and 15th century monarch since the 17th century, the competitive behaviours of the UK 17th century monarch has not change other than the competitive behaviours are hidden. Those on the internet trying to suppress my website for money are the scammers; they may be involved in more corruption for money then we know, I advise that those suppressive scammers be investigated for fraud and corruption!

During 1918 the Stewart monarch was involved with negative engineering at the devils expense; the Stewart Monarch was playing devil with Freud, Jung and a Mathematician whilst abusing a devil during 1919 when the UK Police were established during 1919 all based on devil games that began with the romans about 50 years A.D. previous to approximately 50 years AD the romans used the Greek system of the Greek Gods; that was actually the Monarchs competing for more power, and wealth during B.C
